

JAWS OF THE LION

GLOOMHAVEN

FROSTHAVEN

©masu@bgy

<https://boardgamegeek.com/filepage/233025>

Potentially a rules error but no official errata to overrule it.

Difference easy to abuse to break the intent.

For monster movement chart:

	22	Selecting target/focus: no proximity tiebreaker	!	Selecting target/focus: proximity tiebreaker before initiative order	!	Selecting target/focus: proximity tiebreaker before initiative order	!	22
	23	Selecting extra targets - lose disadvantage on focus first; initiative is the last tiebreaker	?	Selecting extra targets - lose disadvantage on focus first; initiative is the last tiebreaker	?	Selecting extra targets - no disadvantage rule for just the focus; no init tiebreaker among extra	?	23
	24	Ending jump on - difficult terrain: costs 1	?	Ending jump on - difficult terrain: last step costs 2 (others cost 1)	?	Ending jump on - difficult terrain: costs 1	?	24
	25	N / A	?	Moving through invisible enemies - can't pass through them	★?	Moving through invisible enemies - may pass through them (without stopping)	?	25
	26	N / A	?	No focus for a summon: no movement	?	No focus for a summon: may focus summoner	?	26
	27	N / A	?	Losing flying over an obstacle: trap damage, move to closest empty hex	?	Losing flying over an obstacle: no damage, move to closest empty hex	?	27
	28	Move 0 is technically a movement.	★	Move 0 is technically a movement.	★	Move 0 is not a movement.	!	28
Modifiers and Abilities	41	N / A		Handling rolling modifiers when in advantage - draw 'til the first non-rolling - apply all rolling cards drawn then apply the non-rolling card drawn		Handling rolling modifiers when in advantage - draw 'til non-rolling +1 (disregard rolling on that) - apply all rolling cards drawn then select the better of the two other		41
	42	N / A		Handling rolling modifiers when in disadvantage - draw 'til the first non rolling - disregard all the rolling cards - apply the non-rolling card only		Handling rolling modifiers when in disadvantage - draw 'til non-rolling +1 (disregard rolling on that) - disregard all the rolling cards drawn - select the worse of the two other cards as usual		42
	43	"Better" card when in advantage - actor's choice; better card or 1st card if ambiguous		"Better" card when in advantage - better card or 1st card if ambiguous		"Better" card when in advantage - actor's choice; better card or 1st card if ambiguous		43
	44	"Worse" card when in disadvantage - worse card or 1st card if ambiguous		"Worse" card when in disadvantage - worse card or 1st card if ambiguous		"Worse" card when in disadvantage - worse card or 1st card if ambiguous		44
	45	N / A		Ranged monster attack ability without range: default range applies	!!!	Ranged monster attack ability without range: melee attack	!!!	45
	46	Monsters infuse elements only when doing something	!	Monsters always infuse elements (when the card has the symbol)	★!	Monsters infuse elements only when doing something	!	46
	47	Ranged heal can only be applied on allies.	★!	Ranged heal can be applied on Self as well.	!	Ranged heal can be applied on Self as well.	!	47

My personal opinion - Play as you enjoy it. - Use JotL rules for JotL, Frosthaven rules otherwise Marked the larger impact differences... see legend.	!!!	Breaking change	This is - an <u>unofficial</u> summary of rules differences - not for listing new features - not necessarily compatible with GH Digital	Gloomhaven rule Jaws of the Lion rule Frosthaven rule shared rule
	!	Major change		
	?	Won't matter if you don't abuse it...
